

## New Easy High Profile

### COMFORT:

Designed to provide the optimum comfort and simplicity of use.

### DURABILITY:

At 3.3"/8.5cm in height this cushion provides additional support to patients up to 150kg.

### POSITIONING:

The high density foam positions the body in a comfortable position. Inside the Visco Foam is a layer of silicone fluid gel, (FloGel) this combination enhances comfort, emersion and pressure relief.

# Trulife's Easy High Profile Cushion

## Applications

The Easy High Profile is ideal for patients who may:

- Be at risk for skin break-down.
- Require increased stability.
- Require additional cushion depth in the wheel-chair.
- Require support up to 150Kg.
- Have good posture and relatively normal sensation.
- Need a stable, non adjusting system.
- Reduces "hammock" effect.

## Features and Benefits

- **Ease of Use:** Just place the cushion in the wheelchair, no adjustment necessary
- **Pressure Relief:** High density visco foam with silicone fluid gel at its core, provides superior pressure re-distribution and emersion
- **Weight Capacity:** 150 KG
- **Warranty 2 years**
