Specifications

Lenght with leg support: (mm)	885
Overall width: (mm)	560
Seat width min.-max.: (mm)	250-550
Seat depht min.-max.: (mm)	250-600
Seat height w/o cushion: (mm)	400
Backrest height min.-max.: (mm)	540-665
Seat tilt: (°)	45
Backrest angle min.-max.: (°)	50-96
Lift: (mm)	320
Footplate to seat distance min.-max.: (mm)	370 - 580
Leg to seat surface angle min.-max.: (°)	90-180
Arm support to seat distance min.-max.: (mm)	185 - 285

Total mass: (kg)	113,5
Maximum user weight: (kg)	125
Dynamic stability uphill: (°)	10
Obstacle climbing: (mm)	65
Ground clearance: (mm)	700
Maximum speed forward: (km/h)	6
Range w. batteries 38Ah: (km)	22
Engines:	2pcs. 24 V / 450 Watt
Minimum turning radius: (mm)	450

Seat cushion

Varilite Evolution™
PSV

For wheelchair users with a high degree of tissue breakdown and symmetric positioning needs.

VARILITE's PSV takes guesswork out of cushion adjustment and makes it automatic. Evolution PSV uses VARILITE's revolutionary new Pressure Setting Valve (patent pending). The PSV works by sensing the amount of internal cushion pressure. As air is released, internal pressure decreases and the user is immersed in the cushion for effective pressure distribution.

Varilite Stratus

The Varilite Stratus Cushion is a great choice for people who have a moderate to low risk of tissue breakdown and moderate positioning needs. The cushion has a unique self-inflating valve, which allows air in and out of the cushion so it can contour to the user's shape.

	CODE	DESCRIPTION	WIDTH x DEPTH (mm)
