

Crème Protectrice

FOR HANDS
FYRIR HENDUR

INDICATIONS

Protective cream for hands. Glycerin and shea butter present in this protective cream bring the essential ingredients to protect hands irritated by the stresses and strains of daily life (descaling agents, solvents, etc). Its concentrated, non-greasy formula penetrates and acts rapidly.

INSTRUCTIONS FOR USE

Pour about 1 ml on clean and dry skin. Massage hands without forgetting the palm and nails, Let it dry.
For external use.
